

the SUNFLOWER wayfinder project

Wayfinder AR:T Learning

Be an ART Wayfinder Passport Journal – Tips.

Download and print the “Be an ART Wayfinder Passport Journal”.pdf from www.thesunflowerproject.ca website. Take the .pdf to an office supply store to print in colour. Print the .pdf on both sides of the copy paper for proper page layout for your journal binder. Be sure to download and print for each road trip!

sunFLOWER sighting game - hint! ... Sunflowers are not only in fields, and community gardens! THEY ARE on mural walls, made of metal and even painted on fences!

Count the Sunflowers you see during your road or school trips! Be the first to shout out a Sunflower sighting you see outside the car and start counting out loud and crossing off the sunflower on your Spot the Sunflower Sheet

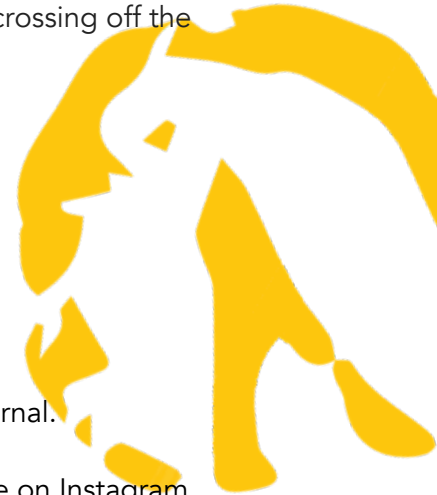

Fun tips and additions to engage:

- how many sunflowers do you see?
- what colours do sunflowers grow in?
- what foods are made from sunflowers?
- what animals and birds eat sunflower seeds?

Use your creative lens ... to entice children to draw what they see in their journal.

Stop and take pics of Sunflower sightings or take a Sunflower selfie and share on Instagram and tag #wayfindersunflower #sunflowerselfie

Download and explore “The Message Of The Sunflowers: A Magic Symbol Of Peace” poem by Georgianna Moore. A link to the poem can be found on www.thesunflowerproject.ca
